

## Center Console Grained Finish Upgrade

<b>Classification</b>	Repair Bulletin	<b>Section/Group</b>	15 - Interior Trim	<b>Country/Region</b>	North America
<b>Year</b>	2012	<b>Model</b>	Model S	<b>Version</b>	All

**Bulletin Classification:** *This repair bulletin provides instructions and guidelines for a noted condition or a customer concern. The information provided can address a broad range of known or perceived issues with the operation of Tesla vehicles. This bulletin might not be VIN-specific. These instructions assume knowledge of motor vehicle and high voltage electricity repairs, and should only be executed by trained professionals. Tesla Motors assumes no liability for injury or property damage due to a failure to properly follow these instructions or repairs attempted by unqualified individuals.*

*This Service Bulletin supersedes SB-12-15-006 R2, dated 11-Jan-13. Each content change is marked by a vertical line in the left margin. Discard the previous version and replace it with this one.*

### Condition

A higher quality center console rear panel and center console carrier are now available. The upgraded rear panel and carrier have a grained finish that is more resistant to scratches.

### Correction

Upon customer complaint, replace the rear panel by completing step 1 of the procedure only. Upon specific customer mention of the console carrier trim, replace the center console.

**NOTE:** The change to the console carrier is minor and minimally noticeable (Figure 1). The console carrier should only be replaced upon specific customer complaint.

Figure 1 (Shown with seat removed for clarity)

Required Part(s):	Part Number	Description	Quantity
	1012718-00-B	PANEL, CENTER CONSOLE, REAR	1
	1010759-00-A	PLASTICS SUB ASY - CC CARRIER	If necessary
Correction Description	Correction	Time	
Replace Rear Panel Only	S011215006	0.1	
Replace Rear Panel and Center Console Carrier	S021215006	0.5	

## Procedure

1. Remove the rear trim panel from the center console (refer to Service Manual procedure 15191902).

**NOTE:** If the customer only requests the rear panel upgrade, attach the new rear panel only. No further work is required.

2. Remove the center console assembly (refer to Service Manual procedure 15192402).

3. Remove all trim pieces from the old console that do not come with the new console, such as leather side panels and top armrest assembly.

**NOTE:** For instructions on removing and reinstalling the armrest assembly, see service bulletin SB-12-15-004.

4. Installation is reverse of removal.

**Affected VIN(s)** This information is for reference purposes only. This list is not intended to be the sole information source for updates.
