

# Unlocking QuickTime Pro

Your Apple FireWire DV software includes QuickTime Pro. To access all the features of this product, you need to enter a valid user name and key.

- 1** Install the Apple FireWire DV software, using the Installer on this CD.
- 2** Restart your computer.
- 3** Drag the Get QuickTime Pro icon to the Trash.
- 4** Open the QuickTime Settings control panel, located in the Control Panels folder in the Apple (🍏) menu.
- 5** Choose Registration from the pop-up menu.
- 6** Click Enter Registration.

**7** Enter the name and registration number shown on the label below.

**8** Click OK.

**Note:** For information about QuickTime Pro, visit the QuickTime Web site at <http://www.apple.com/quicktime/>.
