DCP-J725DW

The DCP-J725DW offers double-sided print, scan and copy capabilities in one stylish, compact machine.

Print professional quality documents in-house – the DCP-J725DW enables you to produce double-sided A4 documents as well as high quality borderless photos. Avoid waiting for your documents with impressive print speeds of up to 35ppm monochrome and 27ppm colour (12ppm monochrome and 10ppm colour - Laser comparable).

Print directly from your digital camera with the PictBridge port, or from your media cards without the need to turn on your computer. View, select and edit your images via the 1.9" Touchscreen Colour LCD with Touch Sensitive Controls.

Share resources and reduce the need for cables by connecting the DCP-J725DW to your existing wireless network. Reduce your printing costs with high-yield ink cartridges, and double-sided printing to lower your paper costs. All Brother inkjet Multi-Function Centres incorporate a four-individual ink system meaning that you only replace the ink which runs out, reducing waste and saving you money.

The DCP-J725DW complies with the strict Energy Star environmental standard, ensuring low energy consumption.
