Inbox Toner Cartridge

Telephone Line Cord
(For MFC models)

(For U.K.)   (For Others)

Product Safety Guide

Basic User's Guide
(only for certain models)
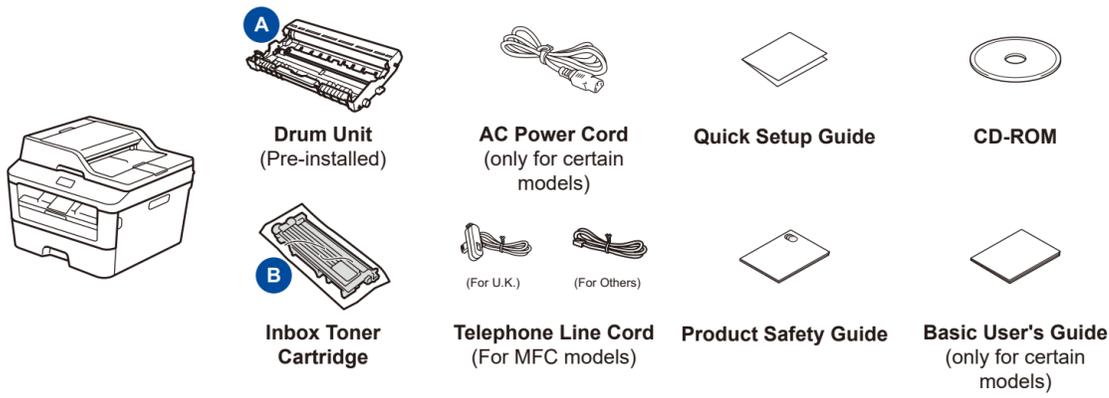

Read the Product Safety Guide first, then read this Quick Setup Guide for the correct installation procedure.

NOTE:
- The components included in the box and the AC power plug may differ depending on your country.
- The illustrations in this Quick Setup Guide are based on the MFC-L2740DW.
- You must purchase the correct interface cable for the interface you want to use.
  USB cable
 We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.
  Network cable
  Use a straight-through Category 5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.
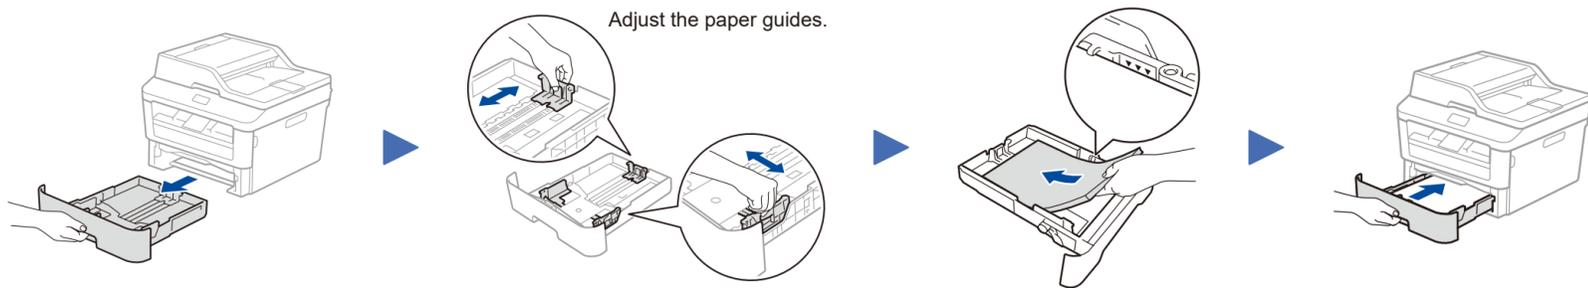

Secure Network Access
Your machine's default password is on the label on the back of the machine (preceded by "Pwd").
We strongly recommend you change it to protect your machine from unauthorised access.

---

1 Remove the packing materials and install the toner cartridge

Remove the orange part.

Remove the orange part.

---
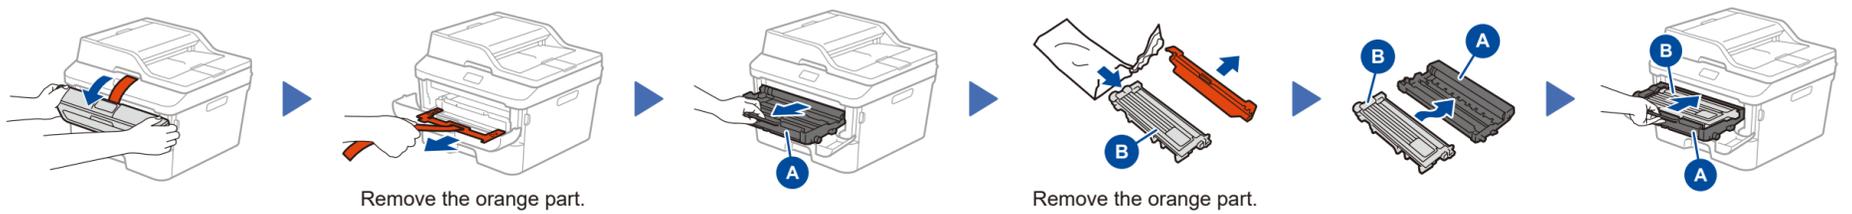

2 Load paper in the paper tray

Adjust the paper guides.

---

3 Connect the power cord and turn on the machine

Back   Front

4 Select your country/language (Initial setup only)

After turning on the machine, you may be required to set your country or language (depending on your machine).
If required, follow the on-screen instructions.

## 5 Select your language (If needed) (Only for certain models)

1. On the machine's Touchscreen, press
   (Settings) > All Settings > Initial Setup > Local Language.
2. Press your language.
3. Press 🏠.

---
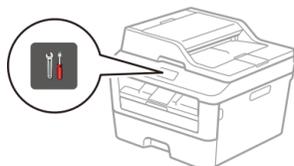

6 Connect the machine to your computer/mobile device

- Windows® PC with a CD-ROM drive, go to step **6A**
- Windows® PC without a CD-ROM drive, go to step **6B**
- Macintosh, go to step **6B**
- Mobile device users, go to step **6C**

6A 💿 Configuration using the CD-ROM (Windows®)
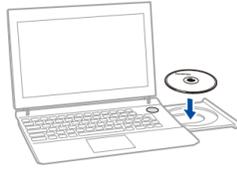

NOTE:
If the Brother screen does not appear automatically, go to **Computer (My Computer)**.
(For Windows® 8: click the 📁 (**File Explorer**) icon on the taskbar, and then go to **Computer**.)
Double-click the CD-ROM icon, and then double-click **start.exe**.

Adobe Flash Player 10

For USB Connection

For Wired Network Connection
Connect a network cable first.

▶ Follow the on-screen instructions to continue installation. ▶ **Finish**

NOTE:
If connection is unsuccessful, repeat this step.

For Wireless Network Connection
We recommend preparing a USB cable to use temporarily during the wireless setup.

📶 Wireless Network Connection

Wireless Device Setup Wizard
Wireless Device Setup

Using a USB cable temporarily connected to your wireless computer is the recommended wireless installation method.

Do you have a USB cable?

- ⦿ Yes, I have a USB cable to use for installation.
- ○ No, I do not have a USB cable.
  Note: If you do not have a USB cable you can still setup your device wirelessly (Advanced Method).

< Back | Next > | Cancel
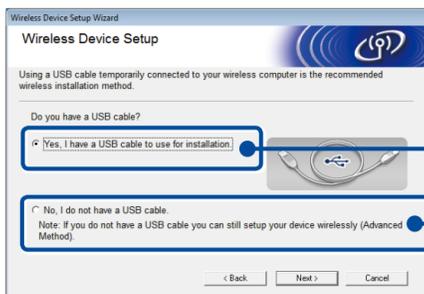

[Recommended]
Select this option if you have a USB cable to use temporarily for wireless setup.

Select this option if you do not have a USB cable.

▶ Follow the on-screen instructions to continue installation. ▶ **Finish**

NOTE:
If connection is unsuccessful, repeat this step.

6B ⬇ Configuration without using the CD-ROM (Windows® without CD-ROM drive or Macintosh)

Download the full driver and software package from the Brother Solutions Center.
(For Windows®) solutions.brother.com/windows
(For Macintosh) solutions.brother.com/mac

After you download the driver and software package, follow the on-screen instructions until the **Connection Type** screen appears. Refer to **6A** *Configuration using the CD-ROM (Windows®)*.

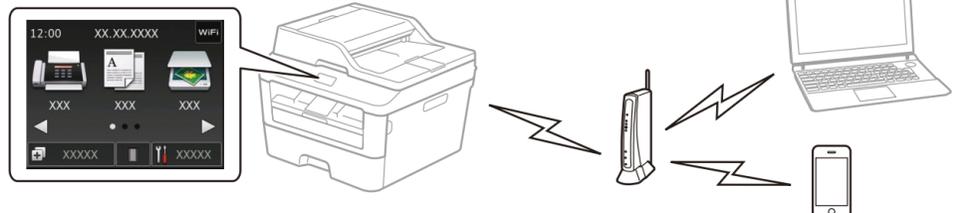

6C 📶WiFi Wireless setup for mobile devices

Connect the machine and wireless LAN access point/router from the machine's control panel.

On the machine's control panel, press
📶WiFi > Setup Wizard > Yes.

Select the specified SSID, and then enter the Network key.

Wireless setup is now complete.
