Brother HL-2030 laser printer

Stylish

The Brother HL-2030 is stylishly designed and compact enough to fit onto a shelf or workstation. It produces printouts with the speed and quality you would expect from a more expensive machine.

Simple

Installation is straightforward – simply plug in the power cable, click through the installation CD, and you will be printing minutes later. Compatible with both PC and Apple systems, the HL-2030 uses a USB connection to ensure connectivity with most modern devices.

Ample capacity

The 250 sheet paper tray provides ample capacity and there is also the option of a single sheet manual feed. With only a low cost toner cartridge and drum to replace you can be confident that this machine offers economical printing.
