Online help

Need a mono printer that can give your business a little bit more? You should opt for the HL-5050.

The HL-5050 is the ideal printing solution for your busy, modern office. It has a print speed of up to 16 pages per minute, up to 2400 x 600 dpi resolution and a "High Speed" USB 2.0 port that comes as standard. Couple this with an additional 250 sheet* paper cassette** and a 50 sheet* multi-purpose tray, the HL-5050 is the truly versatile printer that your office demands.

The HL-5050 has been optimised to make it compatible with a wide range of computing environments, and also includes 16MB of standard memory, expandable up to 144MB, with optional network connectivity.

Brother have also made the HL-5050 as quick and easy to install, so you'll be up and running in minutes.

Plus, for additional peace of mind, you can enjoy direct access to the Brother corporate www.brother.com.au web site as well as the solutions website solutions.brother.com.

Technical Specifications
