[■] The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.

[▼] Approximate toner cartridge yield in accordance with ISO/IEC 19752 (letter/A4).

[^] Approximately 50,000 pages based on 3 pages per job and 30,000 pages based on 1 page per job and [letter/A4 simplex pages].

The number of pages may be affected due to a variety of factors including but not limited to media type and media size.

⁺ The mobile device must have NFC capability and run Android OS 4.0 or later.
