

**Versatile, efficient, economical. With features like high quality, time-saving printing, copying, scanning and faxing all packed into such a small space, this network-ready machine will easily save you time and money. The ideal business partner? You might just think so.**

## Save on separate machines

With time-saving print speeds of up to 20 pages per minute, a 250 sheet paper capacity and Super G3 fax modem, you might want to keep the MFC-7225N all to yourself. But as it's network-ready out-of-the-box, it can be shared with up to five users. Which will save you the cost of buying a separate printer for everyone in the office. And as it does the job of four machines, you'll save even more money.

## No compromise on quality

With four machines in one compact unit, you'd expect a compromise on quality. But not this impressive all-in-one; as a copier it will produce the same high standard results as most separate machines and has features such as 'stack and sort', which automatically collates pages for you; hi-res colour scanning is quick and easy, as you can scan straight to your PC, email and OCR (saving you the job of retyping printed documents); and as a fax, you've 10 one-touch dials, a further 200 speed dials plus automatic redial and document feeder – which means the machine can get on with its job, while you get on with yours.

## Simple network set-up

Even in a small office it's handy if more than one person can use the same machine. And as the MFC-7225N is network ready out-of-the-box, it'll save you both money and space too.

## Technical Specifications MFC-7225N

<b>General</b>	
Technology	Monochrome laser
Backlit LCD Display	1 line x 16 characters
Back-lit Function Keys	For easy selection of fax, copy or scan functions
Back-up for Clock	Keeps time and date backed up to 4 days
Memory Capacity	32MB standard
Automatic Document Feeder	Up to 20 sheets
Paper Handling Size	Up to A4
Paper Capacity	Standard paper tray Up to 250 sheets. Output paper capacity Up to 100 sheets
Simultaneous Operation	Receive a fax whilst copying a document
<b>Print</b>	
Print Speed	Up to 20ppm monochrome print speed
Resolution	HQ1200 (up to 2,400 x 600dpi)
First Print Out Time	Less than 10 secs
Emulation	PCL® 6 & BR-Script 3
<b>Fax</b>	
Modem	33,600bps Super G3. Approx 2 seconds transmission
Data Compression	Mono: MH / MR / MMR / JBIG
Automatic Redial	Automatic redial if the recipient fax is busy
One-touch Dials	10
Speed Dials	200
Group Dials	Up to 8 groups
Fax / Tel Switch	Automatic recognition of fax and telephone reception
Distinctive Ring Detection	Yes
Super Fine	Enables quality transmission and reception of very small print or line drawings
Grey Scale	64 levels
Delayed Timer	Yes - up to 50
Transit/Receive Memory	Up to 500 pages*
Broadcasting Locations	Send the same fax message to up to 260 locations
Batch Transmission	Stores documents for the same location in the memory for transmission in a single call
Auto Reduction	Automatically reduces a received fax to fit on to a single sheet of A4
Error Correction Mode	Where machines share the ECM feature, errors during transmission are corrected automatically ensuring received documents are error free
Fax Forwarding	Sends a fax received in memory to another pre-programmed fax number
Remote Access	Allows the user to remotely access their machine by using another touch tone phone
Fax Retrieval	Allows the user to retrieve fax messages using another touch tone machine
PC Fax	Send and Receive
Dual Access	Scan a fax for transmission whilst receiving a fax
<b>Copier</b>	
Speed	Up to 20cpm monochrome
Reduction / Enlargement Ratio Resolution	50% - 200% in 1% increments Up to 200 x 300dpi
Multi Copy	Produces up to 99 copies of each original
Stack & Sort	Stacks or sorts output copies as desired
N in 1	Compress 2 or 4 pages on to a single sheet of A4
<b>Scanner</b>	
Resolution	Up to 200 x 400dpi (optical). Up to 1,200 x 1,200dpi (interpolated)
Grey Scale	256 shades of grey
Scan Key	Scan to email, OCR, image or file
<b>Interface(s)</b>	
External TAD Interface	Interface for connecting external telephone answering device
USB	USB 2.0 Full Speed
Parallel	IEEE 1284 Parallel Port
Network Connection	Ethernet 10/100 Base-TX as standard
<b>Weights &amp; Dimensions</b>	
With Carton	452 (w) x 496 (d) x 430 (h) mm / 11.4kg
Without Carton	374 (w) x 374 (d) x 262 (h) mm / 7.25kg
<b>Supplies</b>	
Toner	TN2000 Up to 2,500 A4 pages @ 5% coverage
Drum	DR2000 Approx 12,000 A4 pages (1 page per job)
<b>Other Information</b>	
Power Consumption	Sleep Less than 10W Standby Less than 80W Peak Less than 1032W

# The ideal business partner

## Packed with handy, easy to use features

All the features on our machines are designed to make your life easier, by saving you time, money and even space. Take a look at the features below to help you decide if this printer is ideal for you.

### Save money

with print, copy, scan and fax in just one machine

### Save time

with 20 pages per minute printing and automatic fax speed dials

### Less hassle

with up to 250 sheet paper tray capacity and 20 sheet automatic document feeder

### Smarter features

including a 500 page fax transmit/receive memory and up to 99 page multi-copies

## Cleverly designed consumables

As the MFC-7225N is designed with a separate toner and drum, you'll cut your costs, as you only ever need to replace the one that's run out. And don't forget, to keep getting the best out of your printer, make sure you always use genuine Brother consumables.

## Relax, you're covered

When you buy a new piece of equipment, the last thing you expect is for it to let you down. In fact, when something does go wrong with one of our products, we're as surprised as you are, as every Brother machine has been through rigorous testing. So, in the unlikely event that you do have a problem with your machine, you'll be pleased to hear that every printer comes with a full 12 month warranty plus 24 hour online support. Which means if your machine does let you down, our dedicated aftercare team won't, even after your warranty period has expired.

## Green and clean

Low power consumption, minimum noise, non-hazardous materials and recycling friendly design meets the renowned Energy Star environmental standard. Brother has also been awarded 100 out of 100 by the Ethical Company Organisation for the third year in a row – the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.
