DESIGNJET T620
PRINTER SERIES

Reliable 24-inch printer for small workgroups

Do more in less time—easy setup, easy sharing

- Easily meet deadlines, even when they are unexpected. At up to 35 seconds per A1/D page, you can print CAD/GIS projects up to 3 times faster than with the HP Designjet 500 Printer.[1]

- Small teams can share this printer thanks to its built-in network card.

- Print batch HP-GL/2, DWF, PDF, JPEG, TIFF, and MS Office 2007 (Word, Excel, PowerPoint) files easily—without opening any application—thanks to the free HP Instant Printing Utility.

- Handle prints right off the printer—fast-drying HP Vivera inks produce smudge-resistant prints.

- Intelligent technology, built into Original HP supplies and the printer, provides time-saving features.

Small details increase your power to communicate

- Achieve rich, dark blacks and fine detailed lines with HP Vivera inks, including 2 HP Vivera blacks and a gray ink in this 6-ink printing system.

- Produce exacting detail with 0.02 mm (0.0008 in) minimum line width,[2] and highly accurate drawings with 0.1% line accuracy.

- Easily create stunning large-format posters that convey your message loud and clear with the optional Serif PosterDesigner Pro for HP.[3]

- Transform your everyday printing with 2 HP media innovations—new and improved HP bond papers with ColorPRO Technology and HP Recycled Bond Paper, made of 100% recycled base paper.

Focus on your design with a reliable printer

- Work with confidence knowing this printer has 2 GB of dedicated memory intended exclusively for faster processing of even the most complex files.[4]

- Experience greater operating system support with original HP-GL/2 and RTL.

- Upgrade with peace of mind knowing you will be able to reproduce the color of your previous Designjet.
