Sustainability is smart business

Built to keep you—and your business—moving forward

Best-in-class security[2]
Sustainability is smart business

Business is all about resource management, and finding efficiencies is everyone's responsibility. HP LaserJet printers and MFPs are designed with the environment in mind, so you can handle what you need while conserving energy wherever possible.

The toner cartridge you can trust

Print crisp black text and professional-quality graphics while helping your business save energy with HP EcoSmart black toner. An innovative manufacturing process and new proprietary ingredients enables these devices to operate with less energy, allowing for up to 22% energy savings.[3]

Only the power you need

Help cut energy costs with HP Auto-On/Auto-Off Technology[4]—intelligence that readies your printer right when you need it and turns it off when you don't.

Increase efficiency and help save paper right out of the box. The duplex print setting is set at default paper savings mode when the device is shipped.[5]

Reduce your environmental impact

Avoid frustrating reprints, wasted supplies, and service calls using Original HP toner cartridges designed to work with your device for optimal results.

Help reduce wasted paper, toner, and time by only printing the jobs that are truly needed using optional PIN/pull-printing[6] or HP Roam for Business.[7]

Count on easy cartridge recycling at no additional charge with HP Planet Partners.[8]

Built to keep your business moving forward

Today's businesses are always on, and always connected. Choose a device that can keep up with how you actually work, collaborate, and get things done.

Keep business moving

Don't wait for documents—this device prints your first page from ready mode as fast as 6.3 seconds (A4).[9]

Get prints at up to 38 pages per minute (ppm), simplex, and up to 31 images per minute (ipm), duplex (A4).[10]

38 ppm[10]

Enjoy enhanced wireless performance and more reliable connections with dual-band Wi-Fi®[11] and Bluetooth® Low Energy.[12] Set up your wireless printer effortlessly with easy wireless connect— no more tedious keying of your password at the printer.[13]

Print effortlessly from any device, virtually anywhere, to any HP printer—securely through the cloud.[7]

Simplify productivity

An easy-access USB port allows users to easily walk up and print.[14]

Turn paper files into digital assets and send your work to more places without using a PC—scan documents directly to Microsoft® SharePoint®, email, USB, cloud, and network folders.[15] Enjoy single-pass, two-sided scanning on the MFP M429fdn and M429fdw models.[16]

Expand your capacity

Tailor this MFP to the needs of your business. The HP LaserJet Pro MFP M429 series models come standard with a 100-sheet multipurpose tray 1 and 250-sheet tray 2 that support media sizes up to 216 x 356 mm.

All models may be configured with an optional 550-sheet paper tray, which supports media sizes up to A4. Spend less time loading paper with a 900-sheet maximum input capacity.[17]

Best-in-class security[2]

HP Print Security isn't just about securing printers. It's about helping to secure your network with real-time threat detection, automated monitoring, and software validation—designed to detect and stop an attack as it happens.[2]

Always on guard

Count on strong protection for devices, data, and documents with printer security from HP.

More than 200 embedded security features,[18] including secure boot and secure firmware, preserve sensitive data and help protect the printer from being the entry point for attacks.

Thwart potential attacks by receiving instant notification of security issues, so immediate action can be taken.[19] This device works with tools like Splunk, ArcSight, McAfee, and SIEMonster.

Take security to the next level

Help secure important documents and confidential information. With optional PIN/pull printing, help ensure the security of confidential information by entering a PIN at the device to retrieve print jobs.[6]

Optional HP JetAdvantage Security Manager offers an effective, policy-based approach to help secure HP devices.[20] Easily set security configuration policies and automatically validate settings across the fleet.

Expand capabilities with top-flight flexibility

Gain comprehensive control of information while providing employees the access they need to get the job done. Easily manage devices and settings using HP Web Jetadmin[21] with a suite of enterprise-level management features.

Built-in LDAP addressing simplifies email distribution. Save IT time and make printing easy for the entire enterprise by using a single driver for all HP devices.[22]

HP JetAdvantage Secure Print[23] helps secure documents by requiring authentication to release print jobs.

Simply designed to uncomplicate your day

You have enough to worry about each day. It's easy to accomplish what you need—and exceed your own expectations—with a streamlined MFP that's made for simple use.

Simple setup and printer management

Set up this MFP fast and start printing the pages you need right away. Easily manage device settings to help increase overall printing efficiency.

Equip employees to breeze through tasks with a customisable 6.9 cm (2.7-inch) colour touchscreen control panel.[24]

The perfect fit wherever you need it

Make the most of your office space. This MFP is the perfect size to conveniently fit into your shared work area—and your work style.

Avoid interruptions with an HP LaserJet device designed to be streamlined with minimal parts and long-life supplies for simple service and maximum productivity.

Avoid frustrations when scanning. A slow-closing lid and frameless scanner help make this a quick and easy task.

Ready to work, right away

Speed through print jobs right out of the box. This MFP is shipped with preinstalled, specially designed Original HP LaserJet toner cartridges with JetIntelligence. Auto seal removal enables simple and seamless cartridge replacement, so you can get back to business fast—without costly delays or frustrating messes.

Customise frequently used tasks with Quick Sets feature[24]

[1] In July 2018, HP was named Buyers Lab's Most Reliable Business Printer & MFP Brand by the analysts at Buyers Lab (BLI), based on lab testing from 2012 to 2018. For more information, see https://www.keypointintelligence.com/news/awards.

[2] Based on HP review of 2018 published security features of competitive in-class printers. Only HP offers a combination of security features that can monitor to detect and automatically stop an attack then self-validate software integrity in a reboot. For a list of printers, visit hp.com/go/PrintersThatProtect. For more information: hp.com/go/printersecurityclaims.

[3] HP calculations based on ENERGY STAR® normalised TEC data comparing the HP LaserJet 300/400 series and 500 series monochrome printers introduced in Spring 2019. HP 58/59/76/77A/X compared to HP 26A/X, and HP 89A/X/Y compared to HP 87A/X.

[4] HP Auto-On/Auto-Off Technology capabilities are subject to printer and settings.

[5] All new product introductions beginning in Fall 2019 will include consistent worldwide default duplex settings (across bundles/drivers); Spring 2019 will include consistent worldwide default duplex settings for most products across the most common driver.

[6] Requires purchase of separate USB flash drive with at least 16 GB capacity.

[7] Subscription or accessory may be required. For more information, visit hp.com/go/roam. To enable HP Roam, some devices may require firmware to be upgraded and an optional accessory to add Bluetooth® Low Energy (BLE) beaconing capabilities. Customer can purchase the RadBeacon USB.

[8] Programme availability varies. For more information, visit hp.com/recycle.

[9] Measured using ISO/IEC 17629. Exact speed varies depending on the system configuration, software application, driver, and document complexity. Learn more at hp.com/go/printerclaims.

[10] Measured using ISO/IEC 24734; excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.

[11] Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. Learn more at hp.com/go/mobileprinting. Wi-Fi® is a registered trademark of Wi-Fi Alliance®.

[12] Bluetooth® is a trademark owned by its proprietor and used by HP Inc. under licence. Learn more at hp.com/go/mobileprinting.

[13] Only supported on printers with embedded wireless hardware. Requires the installation of the HP Smart App on an iOS and Android™ that supports Bluetooth® Low Energy. Learn more about the HP Smart App at hp.com/go/mobileprinting.

[14] An administrator must enable the easy-access USB port before use.

[15] Microsoft® SharePoint® 365 not supported. Requires an Internet connection to the printer. Services may require registration. App availability varies by country, language, and agreements. For details, see hpconnected.com.

[16] The HP LaserJet Pro MFP M429dw model does not support single-pass, two-sided scanning or fax capabilities.

[17] Purchase of optional paper tray required to reach maximum input capacity.

[18] Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity.

[19] Instant threat notifications can appear on the device control panel when a potential threat occurs from malicious intent or there is a bug or vulnerability in the firmware code of the device. If this error raises concern, please contact your company IT representative or, if unavailable, HP Support, who can investigate the cause through analysis of device syslog data using a standard SIEM tool from McAfee, Splunk, Arcsight, or SIEMonster. The control panel error message may show an error code on a blue screen during code signature checks or memory write intrusions.

[20] HP JetAdvantage Security Manager must be purchased separately. For details, see hp.com/go/securitymanager.

[21] HP Web Jetadmin is available for download at no additional charge at hp.com/go/wja.

[22] The HP Universal Print Driver is available for download at no additional charge at hp.com/go/upd.

[23] HP JetAdvantage Secure Print works with any network-connected printer or MFP. On-device authentication is available for many HP LaserJet, PageWide, and OfficeJet Pro devices and selected non-HP devices. Some devices may require a firmware upgrade. Internet connection required for cloud storage and retrieval of print jobs. Print-job release from a mobile device requires a network connection and QR code. For more information and a list of supported printers and MFPs, see hp.com/go/JetAdvantageSecurePrint.

[24] Connect printer/MFP to the network and complete customisation through the Embedded Web Server.

[25] Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

[26] Recommended Monthly Page Volume (RMPV): HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

[27] Average black declared yields based on ISO/IEC 19752 and continuous printing. For details visit hp.com/go/learnaboutsupplies. Pages may vary based on customer printing conditions and usage. Optional high-yield cartridges are not included in printer purchase and must purchased separately. The HP LaserJet Pro MFP M429 series models ship with a pre-installed ~3,100-page A cartridge.

[28] Mobile device needs to be connected directly to the Wi-Fi® network of a wireless direct-capable MFP or printer prior to printing. Depending on mobile device, an app or driver may also be required. Wireless performance is dependent on physical environment and distance from the access point in the MFP or printer. Learn more at hp.com/go/businessmobileprinting.

[29] Mobile device must support near-field communications (NFC)-enabled printing. For more information, see hp.com/go/nfcprinting.
