

HP LaserJet Pro M701 series

Use this affordable, energy-efficient printer to easily print from wherever business takes you.¹

This affordable, energy-efficient printer produces professional-quality black-and-white documents from wherever business takes you.¹ CECP-qualified for energy efficiency,² the printer works with A4 and A3 paper sizes.

HP LaserJet Pro M701a

HP LaserJet Pro M701n

Invest in printing performance

- Print fast, work fast—speed through printing tasks at up to 31 pages per minute (ppm) in A4 and 15 ppm in A3.
- Control made simple—start printing right away with an easy-to-use control panel.
- Keep on printing—purchase supplies less often, using cartridges that print up to 12,000 pages.
- Produce high-quality black-and-white documents while helping to keep your printing costs low.

Certified to conserve

- Start saving energy right away—manage your energy costs with a CECP-qualified printer.²
- Power-saving smarts—help save energy with HP Auto-On/Auto-Off Technology.³
- Small size, big value—make the most of your space with a printer that fits in tight places.

Print on your terms

- Extend your printing reach—easily set up, print, and share, using built-in Ethernet networking.
- Easily print from your smartphone, tablet, and notebook at work, home, or on the go; Mopria compatible.¹
- Add optional 802.11g networking to any of the models, to connect the printer directly to a wireless (Wi-Fi) network.

¹ Local printing requires the mobile device and printer to be on the same network or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. App or software and HP ePrint account registration may also be required. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See hp.com/go/mobileprinting for more details. ² Meets energy use requirements for China Energy Conservation Program's (CECP) CEL Grade-2 certification. ³ HP Auto-On/Auto-Off Technology capabilities are subject to printer and settings. May require a firmware upgrade.

Product walkaround

- 1 Intuitive control panel displays two lines of text
- 2 250-sheet output bin with extension for long paper
- 3 Adjustable 100-sheet multipurpose tray handles heavy custom media up to 199 g/m² (53 lb)
- 4 250-sheet input tray 2 supports media up to A3 size (11 by 17 in)
- 5 256 MB memory and a powerful 750 MHz processor
- 6 HP ePrint for simple printing from mobile devices (M701n only)
- 7 Power connection

HP Services

Downtime can have serious consequences, so HP provides support beyond the standard warranty. You benefit from reduced risk, maximized uptime, predictable service delivery and no unbudgeted repair costs. Choose from:

Optimized Care (optimum performance and stability): 4 hour Onsite Support, Maintenance Kit Replacement Service, Installation with Network Configuration Service

Standard Care (high level of uptime): Next Business Day Onsite Support, Maintenance Kit Replacement Service, Installation with Network Configuration Service

Basic Care (minimum recommended support): Next Business Day Onsite Support

4 hour Onsite Support: Onsite support within four hours after a service call received within the coverage window

Next Business Day Onsite Support: Onsite service the next business day after the service call is received

Maintenance Kit Replacement Service: Onsite replacement of your printer's maintenance kit including parts, materials, and labour

Installation with Network Configuration Service: Assembly, network configuration, and basic administrator familiarization

For more information about HP Care Pack, HP Contractual, or HP Managed Print Services, visit hp.com/go/printservices

Top Features

Set the pace for success—spend less time at the printer and more time on your business with a reliable device that fits your budget.

Intelligently manage your energy costs with a printer specifically designed to meet rigorous guidelines for energy and resource efficiency.

Easily print how you want, where you want. Everyone in the office can produce professional-quality documents through built-in Ethernet networking and from their smartphone, tablet, and notebook, at work or on the go.¹

¹ Measured using ISO/IEC 24734, excludes first set of test documents. For more information see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. ² May require a firmware upgrade to be compatible, download at hp.com/go/support ³ Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Colour LaserJet devices, and enables appropriate deployment of printers and MPFS to satisfy the demands of connected individuals or groups. ⁴ HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. ⁵ Values subject to change. Power numbers are the highest values measured using all standard voltages. See hp.com/support for current information. Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. ⁶ Acoustic values are subject to change. For current information see hp.com/support. Configuration tested: Print mono simplex using A4 paper printing at 31 ppm.
