Small and smart design, big-business colour!

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend on average up to 6% of their revenue on printing and that active print management can cut office print costs by up to 30%1, it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

Recommended Monthly Page Volume
-Recommended Monthly Page Volume is a range of pages that helps customers evaluate Lexmark's product offerings based on the
average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month
be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading
intervals, speed, and typical customer usage.

Cost-saving and environmental features

- Colles availing and environmental reatures

 Duplex models are Energy Star compliant

 Duplex, Print and Hold (verify print), multi-up, and printing on recycled paper help reduce paper consumption.

 Selectable toner saving modes help reduce the amount of toner used on a page.

 Lexmark Cartridge Collection Program and end-of-life product recycling help reduce waste.
