LEXMARK ™

Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their revenue on printing and active print management can cut office print costs by up to 30%[1], it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

[1] Source: InfoTrends/CapVentures, Network Document Solutions Forecast 2007-2012, Network Document Solutions Consulting Service, August 2008

The Lexmark C730 Series lets you print confidently in color, delivering excellent color quality, fast print speeds and business-class reliability to keep up with all your high-volume needs. Designed for large and midsize workgroups in busy office environments, these printers fit easily on your desktop or in a small workstation and offer a wealth of big-business benefits, including tremendous input capacity, paper-saving duplex printing and much more.

Color that counts

Why not eliminate the time and expense so often involved in outsourcing color print jobs? With dazzling Lexmark color, you can produce high-impact documents in-house. Plus, you benefit from a complete range of color-access and control tools to ensure your workgroup is printing efficiently and intelligently.

- Produce stunning graphics and images with Lexmark's advanced color laser toner formula
- Achieve consistent color tones with professional PANTONE® calibration
- Promote responsible color-printing practices with a range of cost-control tools
- Smart technology conserves color toner when printing multiple black-only pages

Ready for any print run

With its extra-large paper input capacity and flexible media support, the Lexmark C730 Series is ready for all your high-volume jobs, ensuring you less intervention and enhanced productivity. You can also print on a wide range of paper types, from envelopes and labels to card stock.

- The Specialty Media Drawer offers added versatility to load large stacks of diverse paper types
- Add up to three stackable drawers to boost your input capacity up to 3,750 sheets
- Enjoy reliable printing, thanks to the smooth paper feed
- Choose from various pre-configured models, including paper-saving duplex, extra input and wireless connectivity

A reliable office partner

Maximize your uptime and enjoy fast, reliable, stress-free printing. The Lexmark C730 Series boasts a rock-solid design and advanced functionality and security, in addition to sophisticated intelligence that makes these printers easy to install.

- Robust design, engineered especially for high-volume print runs
- New, enhanced security features for controlling access, tracking activity and preventing misuse
- Easy administration and programmable supplies alerts ensure timely availability
- Offers a worry-free 1-Year Onsite Service warranty and extended service options (for full details see Lexmark Statement of Limited Warranty on www.lexmark.com).

Eco-responsible printing

Printing responsibly means everyone wins – your business, your budget and the environment! Lexmark C730 Series printers are eco-designed and come with a vast range of features to help you print greener at every level.

- Duplex-printing models let you save paper waste and costs
- Instant warm-up fuser and Eco-Mode reduce power consumption
- Quiet Mode setting allows ultra-quiet operation
- Recycle your empty toner cartridges free of charge through the Lexmark Cartridge Collection Program

Lexmark C730 Series

Explore the features that keep you moving

Secure PIN release
Use the alphanumeric pad to ensure confidential jobs stay in the right hands

Direct USB
Front USB port for convenient walk-up printing of PDFs and other image files

User-friendly display
The tiltable operator panel with 4-line graphical display offers intuitive visuals for simple operation

Low intervention
High-capacity cartridges deliver thousands of pages before replacement is needed

Expandable input
Load multiple paper types; boost your total capacity up to 4,300 sheets

Wireless freedom
Break free from cables with the Lexmark C734dw, a Wi-Fi CERTIFIED 802.11n draft 2.0 wireless printer

What can great color do for you?

A little color can go a long way!
Studies consistently show that color enhances communication both internally and externally. It improves readability, comprehension and brand recognition. In addition, it can simplify buying decisions by helping customers cut through the clutter of competing messages.

Color can bring added value to all areas of your business, from marketing and communication to real estate and finance. A 2007 InfoTrends study shows that invoices produced in color improve payment response by almost 30 percent, what's more, customers are more likely to pay the full amount!

Could your business benefit from color too? More importantly, how could your business best benefit from color? The Lexmark C730 Series delivers the answers.

These high-powered partners offer the tools and technology you need to save time, lower costs and print more responsibly for the environment – with all the advantages that color brings!

The Productivity Checklist
If you've got all these, then you've got a Lexmark!

Instant warm up

With Lexmark's instant warm-up fuser, your printer will be racing through documents in the time it takes many other printers to wake up. In addition to getting your print jobs in your hands faster – just seconds from a cold start – you'll also benefit from increased efficiency. So you save time, energy and money all at once!

Intelligent Job Waiting

One person's setback should never mean a bottleneck for the whole workgroup. Say someone launches a print job that requires labels, but there are none loaded. Why lose precious uptime? Lexmark's Job Waiting feature will simply hold that job while everyone else goes on working without interruption (hard disk required).

Color science at work for you

At Lexmark, great color is more than a marketing promise – it's a serious investment. Our development team is dedicated to delivering breakthrough color technology that truly enhances the value of your print communications. Lexmark's advanced color laser toner formula, combined with new temperature- and humidity-sensing technology, ensures excellent color reproduction and consistent quality from first page to last, across various media types and work environments.

Cutting-edge security

From network security to user-access restrictions, Lexmark offers you a wide range of features to help protect your valuable data and ensure the integrity of your network. In addition to IPSec, SNMPv3 and 802.11x network security, the Lexmark C730 Series offers an alphanumeric pad for easy PIN authentication, plus encryption and disk wiping to secure the optional hard disk.

Simplified management

Take a load off your IT department. These printers are network-ready and very easy to set up. If you have multiple Lexmark devices installed, the Lexmark Universal Driver offers even easier deployment. Once up and running, on-screen custom messaging makes life simpler too, by providing users with crystal-clear information, like «Toner Low, Call Placed.» What's more, Lexmark MarkVision Professional software provides simplified remote management and automated tools to keep your workday flowing!

Get exactly the performance you need

Lexmark C734n

Color printing with business-class quality, flexibility and functionality

- Up to 30 ppm print speeds in black and color
- Fast 600MHz processor
- 650-sheet standard input, 3,750 maximum
- Prints banners up to 8.5" x 36"
- Ships with 4,000-page* Lexmark Return Program Toner Cartridges
- Replacement yields: 8,000*-page black, 6,000*-page color
- Recommended monthly volume: 1,500 to 9,200 pages

Also available:
Lexmark C734dn: network-ready plus duplex printing
Lexmark C734dtn: network-ready plus duplex printing with extra input drawer
Lexmark C734dw: wireless-ready plus duplex printing

Lexmark C736n

More performance, lower cost per page – ideal for higher volume printing

- Up to 35 ppm print speeds in black and color
- Powerful 900MHz processor
- 650-sheet standard input, 4,300 maximum
- Prints banners up to 8.5" x 48"
- Ships with 6,000-page* Lexmark Return Program Toner Cartridges
- Lexmark High Yield Toner Cartridges available: 12,000*-page black, 10,000*-page color
- Recommended monthly volume: 2,500 to 10,000 pages

Also available:
Lexmark C736dn: network-ready plus duplex printing
Lexmark C736dtn: network-ready plus duplex printing with extra input drawer

Maximum Monthly Duty Cycle
«Maximum Monthly Duty Cycle» is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.
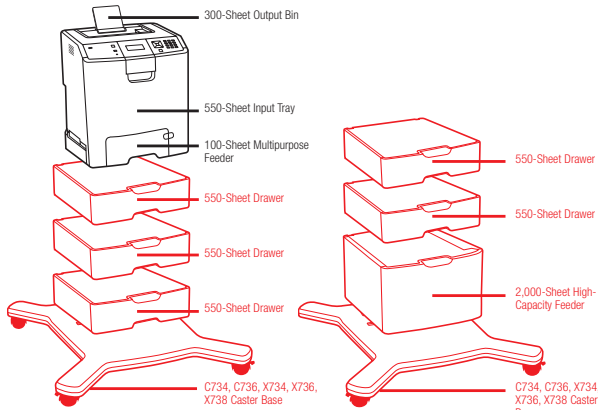

Recommended Monthly Page Volume
«Recommended Monthly Page Volume» is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
