Sometimes you want a challenge.

Sometimes you don't.

Lexmark C920

Outstanding A3 colour made easy

Performance and quality
Benefit from high-volume colour printing, pairing tireless performance with superior image quality.

Total flexibility
Handle an array of media formats and sizes with ease, plus benefit from quality-control features and a wide range of finishing options.

True peace of mind
Ensure your sensitive documents always stay in the right hands, with state-of-the-art data security features.

Up to 36 ppm in mono
Up to 32 ppm in colour

2400 IQ

USB direct interface

We make printing easy

LEXMARK ™

Lexmark C920/C920n/dn/dtn

Enhanced productivity to empower your workgroup

Achieve outstanding colour printing without compromising performance – even on wide formats! In addition to crisp, clear results, the Lexmark C920 delivers A4 colour output in as fast as 36ppm, and advanced colour management tools to help you control costs. Plus, a powerful 1GHz processor delivers enough punch to print your first page in as little as 9.5 seconds flat.

The sky's the limit
Produce eye-catching documents in just about any format you need, including transparencies and 1.2m banners! Automatic colour correction and precision-printing modes give you full control over image quality.

Top-notch security
Solid transmission security ensures total peace of mind for your most sensitive documents. For even more reassurance, you can count on a range of features, like advanced printing lockout and 'expiration time' programming.

The operating panel is 'key'
More than just attractive, the new operating panel is easy for everyone. And it even includes a USB port for simple PC-free printing. Users just slide in their USB memory device key, locate their document on the large LCD screen and start printing. It's that simple!

Easy on you and your budget
Keep everything running smoothly. Maintenance is minimal with the increased page yield and reliability of long-life cartridges, while colour permission settings can significantly optimise toner consumption.

*With special configuration

Models available	
	C920 – Standalone
	C920n – Network
	C920dn – Duplex, network
	C920dtn – Duplex, network, extra 550-sheet tray

With our innovative solutions and services, we help you PRINT smarter, MOVE information faster and MANAGE output more efficiently across your enterprise. Ask your local Lexmark representative for more information.

Technology	LED	
Speed	Mono:	36 ppm
	Colour:	32 ppm
Time to first page	Mono: 9.5 seconds	
	Colour: 13.5 seconds	
Processor	1GHz	
Memory	Standard:	256 MB for std model; 512 MB-+ for n, dn, and dtn models
	Optional:	256 MB / 512 MB
Resolution	2400 Image Quality	
Duty cycle	200K pages per month maximum	
	1.5 million pages life	

Standard input	C920: 550 sheets + 100 sheets MPF
	C920n: 550 sheets + 100 sheets MPF
	C920dn: 550 sheets + 100 sheets MPF + duplex
	C920dtn: 2 x 550 sheets + 100 sheets MPF + duplex
Maximum input	5,300 sheets
Standard output	650 sheets
Finishing (all optional)	Duplex
	Printer cabinet
	1,100-sheet staple & punch finisher
	3,000-page high-capacity feeder
Media supported	Standard: paper, cardstock, labels and glossy transparencies: 60 to 216 g/m²
Paper size	A4, Letter, Legal, A3+, A5, Banner

Connectivity standard	All models:	USB port, high-speed bi-directional parallel port, 1 internal solution port
	Network models:	Integrated Ethernet, USB & Parallel, 1 ISP port
Network management software	MarkVision Professional	
Compatibility	PostScript Level 3 Emulation	
	PCL 6 Emulation with colour extension	
	PPDS Migration Tool	
	PDF 1.5	
	ImageQuick (PDF, TIFF, JPEG)	
Operating systems supported	Microsoft Windows 9x, ME, NT, 2000N XP, Server 2003	
	Novell NetWare 3.2, 4.2, 5.x, and 6.x	
	UNIX: HP-UX 11.0, IBM AIX 4.33, 5.1, Sun Solaris 2.6, 7, 8,9, other systems	
	LINUX: Red Hat 7.2, 7.3, 8.0, SuSE 7.2, 7.3, 8.0, other systems	
	Mac OS 8.6, 9.x, X	
	IBM AS/400 version 4 release® or later	
Font selection	158 PostScript Scalable Fonts	
	89 PCL 6 Emulation Scalable Fonts	
	2 PCL 6 Bitmapped Fonts	
	PPDS - 39 Scalable Fonts, 5 Bitmapped Fonts	
Electronic forms support	Forms Card DLE + additional flash memory or hard disk	
Optional cards	Bar Code Card, IPDS	
Optional adapter	External print servers:	Wireless, Ethernet 10/100 base Tx, Ethernet 10 base 2, Token Ring
	Internal print servers:	Token Ring, Fast Ethernet, Gigabit Ethernet, Fibre Ethernet, Wireless, Coax/Twainax Adapter for SCS
Local ports	1284C Parallel/USB adapter, 1284C Parallel/ RS - 232C serial adapter storage, hard disk adapter	
Special features	Security features:	Secure management with Markvision Professional, secure network communications, confidential print, print cryption, digital-signed firmware update files,encryption for optional internal hard disk drives, operator panel menu lockout, printing lockout
	Total control of colour:	Colour print permission, coverage estimator, colour saver, toner saver, proof then print, customer mono-only driver, black & white lock mode

Guarantee	Base guarantee: One year, LexRepair, response time next business day
	Extended guarantee: 1, 2 or 3 years, LexRepair, response time next business day
Optional services	Installation service, de-installation service, hardware and software training
Supplies	Ships with 8K-pages CMYK toner cartridges*
	15K pages Black toner cartridge (aftermarket)*
	14K pages CMY toner cartridges (aftermarket)*
	28K colour photo developer kit*
	28K black photo developer*
	15K oil coating roller (ships with black cartridge)*
	Transparencies, Banner Paper, Outdoor Media and Glossy Paper

Size (H x W x D)	512 mm x 695 mm x 711 mm	**Cost saving & environmental features**
Weight	80.5 Kg	Energy Star compliant
Acoustics	45 dB(A) ready	Blue Angel
	55 dB(A) duplex printing	Taiwan Green Mark
Power & electric specifications		Canadian Environmental Choice
	290 watts printing	Packaging Green Dot
	125 watts standby	WEEE
		RoHs, from November 2005

*Yield at approximately 5% coverage
