Stratagy R2 I&M Manual Updates

The enclosed pages provide Stratagy 4 Lite, 6 Lite and 12 Lite information and Release 2.0 corrections for the *Stratagy Installation and Maintenance Manual*.

Please replace the Main Title, Table of Contents and Index, as well as the appropriate pages in your manual.

Chapter Number	Updated Pages(s)	Description
1	1-3~1-6	Added Stratagy 4 Lite, 6 Lite, 12 Lite references.
2	Entire chapter	Added hardware information on Stratagy 4 Lite, 6 Lite, 12 Lite, installation instructions on duet/quartet boards, and hardware setup instructions for new systems.
3	Entire chapter	Added information on accessing the new systems, Stratagy Admin software, and instructions on how to use the System Shutdown and Filecopy features from the Stratagy 4 Lite. Discusses the new functions (i.e., Quit and System Date and Time) available to Stratagy 4 Lite users from the Main Menu of Stratagy Admin.
4	Entire chapter	Added the new configuration procedures for the Stratagy 4 Lite, and new parameters available from the Stratagy Admin software (i.e., daylight_saving_time, pbx_type, security_max_length, admin_port)
5	5-7, 5-8	Corrects typographical error.
6	6-13, 6-14	Added reference to duet/quartet boards.
10	10-1~10-4, 10-21, 10-22	Added reference to new Stratagy systems.
11	11-1, 11-2, 11-7, 11-8	Added references to new Stratagy systems.
12	Entire chapter	Added new functions available to Stratagy 4 Lite from Stratagy Admin software.
15	15-7~15-10, 15-13, 15-14	Corrects typographical error.
16	16-1, 16-2	Added reference to Stratagy 4 Lite.
18	Entire chapter	Added references to new Stratagy systems.
