Use Dial-less Phones for Ringdown, Courtesy or Emergency Applications

K-1500P-W Ash

K-1500P-D Ash

K-1500P-W

K-1500P-D

The **K-1500P-D** (desk) and **K-1500P-W** (wall) phones features a standard wall or desk configuration with a built-in ringer. Both are available in two colors: red or ash.

The **K-1500P-D** or **K-1500P-W** can be used on an analog PABX station port or standard C.O. line to receive calls. It can also be used with a dedicated ringdown circuit, such as Viking's **DLE-200B**, to provide cost effective point-to-point communications.

If an automatic Hot-Line dialer is required, the **K-1900W-2** (wall) and the **K-1900D-2** (desk) Hot-Line phones are available. For similar vandal resistant applications, the **K-1500-7**, **K-1700-3**, **K1900-7**, and **K-1900-8** are available!
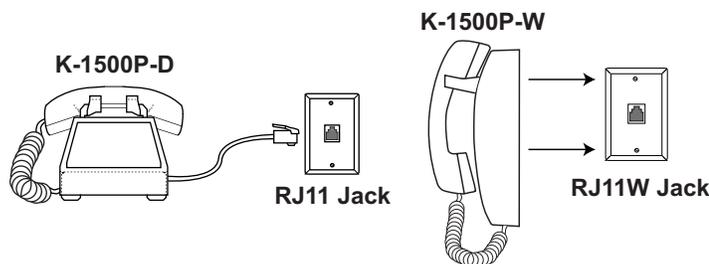

Features

- Built in volume adjustable ringer
- No dial pad
- Hearing aid compatible amplified handset with volume control
- **Available in two colors: red or ash**
- Optional **VE-9x12** or **VE-9x20** weatherproof box

> **?** *Need More Information the VE-9x12 or VE-9x20?*
> **Call (715) 386-4345 and select 413.**

Installation

K-1500P-D: Insert the RJ11 plug into a standard RJ11 jack.
K-1500P-W: Line up the pins of the RJ11W jack with the slots on the back of the phone, insert and press down.
